## What is your basis for calculating threat reserves for future bad debt charge-offs? (Reminder: this question is in regards to PL)

| Value | Percent | Count |
| :--- | :--- | :--- |
| N/A: Our area does not <br> calculate bad debt reserves | $60.0 \%$ | 6 |
| Percentage of open receivables <br> and age of open items | $10.0 \%$ | 1 |
| All of the above; a mixture of |  |  |
| specific and general calculations |  |  |
| based on many factors |  |  |
